

STPI Interview Preparation Dossier: Scientist 'B'

Candidate: Avanish Kumar Gupta

Interview Date: July 19, 2026

Reporting Time: 9:00 AM at STPI HQ, New Delhi

1. Organizational Overview

- **What is STPI?** Software Technology Parks of India (STPI) is an autonomous society established in 1991 under the **Ministry of Electronics and Information Technology (MeitY)**.
- **Current Leadership:** Shri Arvind Kumar (Director General).
- **Footprint:** 73 centres across India, with an impressive 65 centres located in Tier-II and Tier-III cities to decentralize IT growth.
- **Core Mandate:** To boost IT/ITeS exports, foster tech innovation, and transition India from an IT services hub to a **"Software Product Nation"** (aligned with the National Policy on Software Products 2019).

2. Major Schemes & Initiatives

As a Scientist 'B', you will likely be involved in managing or evaluating these programs:

- **STP & EHTP Schemes:** Statutory schemes providing single-window clearance, 100% customs duty exemption, and 100% FDI for software and electronics hardware exporters.
- **Next Generation Incubation Scheme (NGIS):** A massive initiative across 12 Tier-II cities providing plug-and-play infrastructure, mentoring, and up to **₹25 Lakh seed funding** to tech startups.
- **CHUNAUTI:** A rigorous screening challenge under NGIS to select startups for incubation.
- **GENESIS:** "Gen-Next Support for Innovative Startups" – an initiative targeting deep-tech startups in Tier-II and III cities.

3. Centres of Entrepreneurship (CoEs)

STPI is shifting its focus to emerging technologies (DeepTech, AI, IoT) through 24+ domain-specific CoEs pan-India. Key CoEs to mention:

- **Electropreneur Park** (New Delhi & Bhubaneswar) – Electronics & Semiconductors
- **IoT OpenLab** (Bengaluru) – Internet of Things
- **FinBlue** (Chennai) – FinTech
- **IMAGE** (Hyderabad) – AI, Gaming, & Computer Vision
- **MedTech CoE** (Lucknow) – Medical Electronics

4. Recent Milestones & 2026 News

- **Economic Impact:** STPI-registered units facilitated over **₹10.69 lakh crore** in IT exports recently.
- **India AI Impact Summit 2026:** STPI played a massive role in orchestrating this global tech expo at Bharat Mandapam, bringing together 850+ companies and startups to showcase applied AI deployments.
- **STPI Tech Summit 2026 (June 2026):** Celebrated STPI's 35th Foundation Day under the theme "India's Next Leap," focusing on deep tech, policy governance, and global products.
- **STPI SANGAM 2025:** A landmark startup conclave driving collaboration between startups, mentors, and investors under MeitY's NGIS flagship.

5. Interview Strategy: Connecting Your Profile

The panel knows you scored a **96/150** on the CBT. You have the technical chops; now prove your practical utility to STPI's mission.

- **Leverage Berkadia Experience:** You work on enterprise applications using **C++, Java, and SQL**. Explain how this end-to-end SDLC experience makes you perfectly suited to evaluate the software architecture of startups applying for STPI's NGIS seed funding. You know what scalable production code looks like.
- **Highlight STMicroelectronics:** Your time as a Project Trainee building the 'Manufacturing Solutions-GOBM' module shows you understand hardware/software integration and manufacturing tech—highly relevant to STPI's **Electropreneur Park** and **EHTP scheme**.
- **The "Why Government?" Question:** Transitioning from a private MNC (Berkadia) to a Level-10 Gazetted role is a big shift. Tell them you want to scale your impact. Instead of building software for one company, you want to help STPI build the ecosystem that creates the next 1,000 software product companies in India.

Final Checklist for Tomorrow:

- [] 10th Certificate (DOB proof)
- [] B.Tech CSE Degree & Marksheets
- [] Valid OBC (NCL) Certificate
- [] Experience Letters (STMicro & Berkadia current proofs)
- [] Government ID & Printed Call Letter
